## **Background:**

New Consultancy and Relief Organization (NCRO) is a registered Non-Governmental Organization (NGO) with the government of the Islamic Republic of Afghanistan. It was established under the name of Narcotic Control and Rehabilitation of Afghanistan in 1993; the name was changed in 2005 into National Consultancy and Relief Association. In 2012 the name of NGO changed to New Consultancy and Relief Organization. (NCRO) is involved in providing basic humanitarian services in the following sectors:

- In health, NCRO organized hygiene awareness raising campaigns for women in a number of villages in Laghman, Nangarhar, Kunar, Nuristan and Herat Provinces .
- In Agriculture, NCRO distributed Improved Wheat Seeds to farmers in different provinces; conducted technical trainings to women on maintaining kitchen Garden and Agronomical trainings on wheat seeds.
- In livestock, NCRO distributed animal feed, Poultry and de-wormer medicines donated to returnees and IDPs, this in addition to creating fish ponds in certain suitable returnees focused Areas .
- In irrigation sector, NCRO constructed water intakes, canal rehabilitations, construction of siphons, kariz cleanings and protection walls .
- In water supply, NCRO established pip schemes, dug potable water wells and provided hygiene education as a component to the aforementioned projects.
- In the infrastructure, NCRO constructed school buildings, clinics and resurfaced tertiary roads in a number of villages
- NCRO has been engaged in shelter construction program of UNHCR and UNOCHA for the past 3 years and is still working in this field.
- In sanitation NCRO constructed latrines and improved waste water drainage systems and created garbage bins.
- In capacity building NCRO provided income generation trainings for returnees and IDPs' families .
- In consultancy NCRO provided need assessment of Returnee and IDP by implementation remote monitoring and women right advocacy project under UNHCR

fund and referred a number of cases to UNHCR and other relevant agencies through UNHCR Jalalabad.

- In RE/EE NCRO has installed over 517 photovoltaic systems and constructed over 15 Micro Hydropower.

**INTRODUCTION:**

NCRO implemented the following projects in 2021;

1. Safeguarding agriculture-livelihoods and rebuilding near-term resilience of drought-impacted vulnerable and food insecure households in Laghman and Nuristan provinces.
2. Improved Food and Nutrition Security (Rehabilitation of Agricultural land and livestock rearing training)
3. Emergency assistance for protecting agriculture-livelihoods and rebuilding near term resilience of vulnerable and food insecure farming households to shocks including covid -19.
